Objective

To leverage my technical expertise in software development to drive innovation and contribute to the success of an IT company. My goal is to continuously expand my knowledge and skills while making a meaningful impact on the organization's growth and success.

Education

Sona College of Technology

Bachelor of Engineering in Computer Science and Engineering, CGPA – 7.67

Salem

2021–2025

Skills

Programming: Java, JavaScript, C

Frontend: HTML, CSS, JavaScript

Frameworks: React.js, Node.js

Databases: MongoDB, MySQL

Tools: Git

Languages: English, Tamil, German (Basic)

Projects

Scholarship Management System

The aim of this project is to computerize the operation of available scholarships within organizations and colleges. Managing all tasks manually is challenging and can lead to inaccuracies and information management issues. The proposed system replaces the existing manual system with a user-friendly approach.

Experience

Decathlon Sports India

Omni Sport Leader

Year–Year

Responsible for selecting a range of products, managing sales, and overseeing business operations in the sports department.

Internship

Salesforce Developer Virtual Internship

2024

Gain hands-on experience with Salesforce development tasks and projects.

Soft Skills

Adaptability: Able to adapt to new environments and tasks efficiently.

Presentation: Proficient in delivering clear and engaging presentations.

Observation: Keen observer with a strong attention to detail.

Decision Making: Capable of making well-informed decisions under pressure.

Additional

○ **Certifications:**

- Packet Tracer - CISCO
- Software Testing - NPTEL
- Introduction to Python - Infosys Springboard
- Java Foundation Certificate

Areas of Interest

Full Stack Development: Passionate about developing both frontend and backend components of web applications.

Data Analysis: Specializing in data analysis with a focus on extracting actionable insights.

Database Management: Enthusiastic about designing, implementing, and maintaining efficient database systems.
